

Re: Vision Architecture

Architecture, Planning, and Sustainability Consulting

- 8 Architects
- 4 Sustainability Consultants
- 1 Construction Manager
- 1 Planner
- 1 Human Flotation Device (Office Manager)
- 1 Large Office Dog & 1 Small Cat

But 15 environmentalists removing the barriers to green and sustainable!

A different philosophy toward building

You mean I have to use better materials?

- Yes, you can actually design rather than build!

Modular construction?...but that is not what I always have done!

Waaah, Its too hard!

The Professional learning curve

- Relearn a construction process.
- Understand.
- Teach, share, learn from each other.
